Our Mission

To provide the very best education for all pupils and the highest level of support for our staff to ensure every child leaves our academies with everything they need to reach their full potential.

We promise to do everything we can to give children the very best education that gives them the best opportunity to succeed in life. All of our academies have it in them to be outstanding and achieving this comes down to our commitment to our pupils, staff and academies.

Our commitment

We are committed to taking positive action in the light of the Equality Act 2010 with regard to the needs of people with protected characteristics. These are age, disability, pregnancy and maternity, religion and belief, race, sex, sexual orientation, gender reassignment and marriage and civil partnership.

We will continue to make reasonable adjustments to avoid anyone with a protected characteristic being placed at a disadvantage.

Introduction

The Department for Education (DfE) published a new Special Educational Needs and Disability (SEND) Code of Practice in July 2014. It came into force in September 2014, replacing the previous 2001 code. It was updated in January 2015 and revised again in April 2015. The new code reflects the changes introduced by the Children and Families Act 2014. Special Educational Needs (SEN) Definition from SEN Code of Practice p15

- A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her;
- A child of compulsory school age or a young person has a learning difficulty or disability if he or she:
 - Has a significantly greater difficulty in learning than the majority of others of the same age, or
 - Has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions

This policy outlines ATT's pledge and expectations for the provision of special educational needs and disability in our academies. It is a statutory requirement that each academy outlines their personalised Special Education Needs and Disability Procedure in their academy information report (local offer) to accompany this policy.

4.4 The Trust expects teachers to:

- Take responsibility for the needs of all the pupils. "A teacher is a teacher of all pupils";

- Be responsible for initial identification, assessment, planning and evaluation to meet individual needs;
- Plan for the needs of all pupils;
- Meet half termly with leaders to monitor the progress of pupils with a special educational need or disability and act upon the findings to close the gaps in learning;
- Lead reviews of progress including consulting and planning with parents (liaising with the SENCo).

4.5 The Trust expects parents and carers to:

- Be fully involved in the identification, planning and evaluation process
- Communicate regularly with the child’s teacher;

- Take heed of an academy’s information report which outline the support available in the academy.

5 Identification of SEND

5.1 When considering whether a pupil has special educational needs any of the following may be evident:

- Makes little or no progress even when teaching approaches are targeted particularly in a pupil’s identified area of weakness;
- Shows signs of difficulty in developing literacy or mathematics skills which result in poor attainment in some curriculum areas;
- Has sensory or physical problems and continues to make little or no progress despite the provision of specialist equipment;
- Has communication and /or interaction difficulties and continues to make little or no progress despite the provision of an appropriate differentiated curriculum;
- Has social, emotional or mental health difficulties which substantially and regularly interfere with the pupil’s own learning or that of the class groups, despite having an individualised behaviour support programme;
- Has SEND or physical needs that require additional specialist equipment or regular advice or visits by a specialist service;
- Has a communication and/or an interaction difficulty that impedes the development of social relationships and cause a substantial barrier to learning.

6 Referral for an Education, Health and Care Plan

6.1 The majority of children and young people with SEND will have their needs met within a mainstream setting. A local authority must conduct an assessment of education, health and social care and prepare a plan when it considers it necessary, this is likely where the special educational provision required to meet the child or young person's needs cannot reasonably be provided from within the resources normally available. However the assessment should not be the first step in the process, it should follow on from planning already undertaken with parents and young people during the graduated response in conjunction with an early year's provider, school, post 16 institution or other provider. EHC plans must:

- Be focused on the outcomes the child or young person seek to achieve across education, health and care;

- Set out how services will work together to meet the child's or young person's needs;
- Be based on a coordinated assessment and planning process which puts the child and young person and their parents at the center of decision making.

7 Allocation of Resources and Evaluation

- 7.1 ATT's Achievement Strategy outlines the processes for assessing, tracking and reviewing pupil progress.
- 7.2 The link Governor for SEND will meet regularly with the SENCo to ensure pupils needs are being met and that reasonable adjustments are made for pupils when necessary.
- 7.3 Each academy will publish their "offer" on the academy website which outline the support and provision available to help SEND pupils to have full access to the curriculum and school life.
- 7.4 Resources are allocated using the feedback from staff, parents and the pupil. The impact of the resources, whatever they might be is reviewed often and adjusted, changed as necessary. The cost of these resources is recorded. Academy information reports (local offer) found on academy websites outline in detail the resources available to allow pupils full access to the curriculum.
- 7.5 A provision map shows historical and current assessment information and a record of any interventions and the impact of these.
